DIRECTOR GENERAL'S MESSAGE

"A good education is a foundation for a better future" - Elizabeth Warren

NICMAR University, Pune enacted by Maharashtra Act No XXXVI of 2022, has begun its operations with the primary objective of 'Shaping Better Futures' for the aspirational and ambitious leaders of the future – the present and future students who will be the torch bearers of this new era of NICMAR legacy, representing the potential and values of this esteemed institution to the world.

With its vision of promoting sustainability and embracing enterprising values in a globalized and digitally connected world, the university has launched 5 different schools offering a plethora of professional, industry-oriented career opportunities for aspiring students. While the School of Construction Management continues with the strong legacy of offering niche programme in Advanced construction management, the School of Project Management offers highly specialized programme in Project management domain. The School of Planning, Real

Estate and Infrastructure in its new avatar offers cutting-edge knowledge in the built environment sphere through its various programmes.

The newly launched NICMAR Business School has introduced an Integrated MBA programme with a unique programme structure, allowing students immense flexibility in their career choices at 3, 4 and 5 years of programme completion. Alongside the other newly launched School of Energy and Environment aligns its programme and career options to the need of a sustainable world, and towards dealing with the challenges of depleting resources, climate change and low carbon footprint. NICMAR University offers high quality pedagogy, strong academic and industry exposure along with state-of-the-art infrastructure, equipment and access to cutting-edge digital technologies for the benefit of its student community.

It is with pride, that I welcome all the future aspirants to experience and be a part of this prestigious University as we embark on this very exciting journey of enhancing the stature and legacy of NICMAR.

*Professor Anil Kashyap
Director General, NICMAR*

Associate Professor,
NICMAR

Host NICMAR University, Pune, India **Dates** Aug 06-07 & Aug 13-14, 2022

Objective

This four-day online program introduces participants to the state-of-the-art of partial least squares structural equation modeling (PLS-SEM) using the SmartPLS 4.0 software. This program has been designed to familiarize participants with the potentials of using the multivariate analysis method PLS-SEM in their research.

Participants will understand the following topics

- Model development and fundamentals of PLS-SEM and latent variable models.
- Assessment and reporting of measurement and structural model results including Bootstrapping.
- Prediction-oriented results analysis including PLSpredict.
- Introduction to robustness of structural model (non-linear effects, endogeneity, unobserved heterogeneity).

Open to Research Scholars and Faculty Members of NICMAR and other Institutions.

Fees	Indians	Foreign nationals

ALUMNI CORNER

Ms. Priyanka V. Mohan
ACM Hyderabad, 24th Batch

NICMAR – ALUMNI SPEAK

*Corporate Scheduling Manager @ Cupertino Electric Inc.,
San Jose California*

My current role involves setting standards and developing strategic solutions for the newly built scheduling department. I manage schedulers for every division in CEI. The basis for standardization is construction type (Commercial offices, malls, airports, data centers and solar projects), client expectation (Fortune 500 and bay area headquartered companies), and scheduler experience and expertise. I also work on continual trainings and individual career path for team to be successful in project controls.

“NICMAR has helped me build a foundation to have successful career path, from L&T, Hyderabad to international opportunities across industries with PG&E (Utility), Tesla HQ (Manufacturing & construction) and Cupertino Electric Inc., (Electrical construction).”
